

Managing Work-at-Heights Course

SCAL is accredited by the Singapore Accreditation Council (SAC) under ISO 29990:2010 to offer Managing Work at Height Course.

The WSH (WAH) Regulations was enacted on 1 May 2013, with the key requirements such as Fall Prevention Plan and PTW system which came into effect on 1 May 2014. Workplaces with hazardous WAH activities that require a PTW system in place must ensure that their appointed Authorised Manager and WAH Safety Assessor received the necessary training to effectively and competently perform their duties as required under the Regulations.

Objective: The “Managing Work-At-Heights” course **integrated the existing WAH courses into a holistic WAH course to provide a broad overview of working at heights.** The courses for supervisors, assessors and managers are integrated to provide trainees a better understanding and appreciation of each role in its holistic system. The provision, under the WAH Regulations, with regards to the roles of the various personnel under the Permit-to-Work System, still applies.

Course Contents

At the end of the course, the participants shall be able to:

- Identify, explain and apply the relevant Workplace Safety and Health (WSH) Legislations / Approved Code of Practice / Singapore Standards applicable to Work-at-Heights (WAH)
- Identify and explain the Roles & Responsibilities of stakeholders, competent and responsible persons.
- Identify hazards, evaluate the risk, and implement control measures for WAH activities
- Review the necessary fall preventive / protective control measures for safe execution of WAH activities
- Establish, evaluate, review and implement a Fall Prevention Plan
- Establish and implement a system for an effective monitoring and control of WAH risks
- Demonstrate competency in donning, checking and correcting of Individual Fall Protection Equipment and First-line Response in an emergency.
